Sold

©Christopher Clarke Antiques

REF: 82161

Height: 41 cm (16.1")

Width: 41 cm (16.1")

Depth: 14 cm (5.5")

Description

A small teak Ship's Wheel probably from a private yacht.

The wheel has 6 turned spokes and a brass cap to the centre. It also has 12 dome headed screws to each side both for construction and decoration. The wheel has a steel plate to the back and retains its turning mechanism so it can be fixed to a wall and will still spin. The teak has a good weathered look to it without being too distressed. The brass cap and screws have taken on a good, dark patina. Mid to late 19th Century.
