Short Description

A leather cased small Flask with gilt washed cup.

The glass to this flask is faceted upto the shoulders which are shaped for the cup to fit on to. The plated cup is gilt washed and has a lip to the edge. The case lid has a popper to close it and it is probable that the riveted belt to the back, to link the lid to the case, was originally stitched. Early 20th Century.

More Information

Period	Early 20th Century
