Short Description

A small leather Wallet with 4 pockets to the interior.

The wallet also has a pocket to the back and a sixth pocket to the front with a popper button. The wallet is well made with a fine supple leather and a slide, spring button catch to the front marked MS. It is big enough to take coins, although you wouldn't want to put too many in. It would be well suited to keeping stamps. Early 20th Century.
